HOMMY ENTERPRISE (XINHUI) CO., LTD.

# Company Profile

Established in 1999, Hommy Enterprise (Xinhui) Co., LTD. is a professional high-tech enterprise specialized in manufacturing all kinds of food-processing machine, including smoothie vending machine, pizza vending machine , soft ice cream machine, smoothie machine , hot food vending machine , french fries vending machine , one shot , popsicle machine , ice block machine etc, also provide OEM and ODM service.

Hommy is covering an area of 22564 square meters in Jiangmen city, Guangdong province, China, comprising flexible production lines, R&D laboratory, learning center and workshop equipped with cutting-edge equipments. Besides, top qualified engineers, skillful technologists contribute a lot to the company development.

## Semi Automatic Smoothie Vending Machine

HM160-A

HM160-A-1

### Features:

- 1.HM160-A payment system : credit card, cash, coin ( bigger size ).
- 2.HM160-A-1 payment system only credit cards ( smaller size ).
- 3.Freezer keep frozen fruits cups in  $-18^{\circ}\text{C}$ .
- 4.Freezer can store 210 cups ( 500ml / 400ml cup ).
- 5Automatic lifting trolley to ensure safety of cup without dropping.
- 6Automatic filling water into cup during blending.
- 7Automatic cleaning after each cup, more hygiene.
- 8.UV light sterilization function.
- 9.Two water tanks inside ( clean water tank, waster water tank ).
- 10.Remote control + Background management ( Inventory system and online quantity control to monitor sales and inventory ).

## Fully Automatic Smoothie Vending Machine

### Features:

HM160-B

- 1.HM160-B payment systems option : ( credit card, cash, coin ).
- 2.Freezer keep frozen fruits in  $-18^{\circ}\text{C}$ .
- 3.10 flavors of frozen fruits, each storage capacity of 10L.
- 4.( Option 1 )protein powder : 6 flavors, each capacity of 0.75L.
- 5.( Option 2 ) 2 liquids : jam, milk, tea or Coconut Water, in the freezer can keep 40L material and the range of  $5^{\circ}\text{C}$  to  $10^{\circ}\text{C}$ .
- 6.( Option 3 ) hot water  $85^{\circ}\text{C}$  to  $95^{\circ}\text{C}$  ( for cleaning the machine and making hot products ) .
- 7.The machine can store  $18\text{L} \times 2$  of clean water tank, 30L of waster water tank, and is equipped with sensors to remind water is running out.
- 8Automatic filling water into cup during blending.
- 9Automatic cleaning after each cup, more hygiene.
- 10.clearing system by UV light and hot water sterilization function.
- 11.Two ways to make order : one is in the machine display screen, the other way is use mobile app to order then have a QR code to scan in the machine then make payment, and the machine will automatically work.
- 12.Remote control and remind function .

## Gelato Vending Machine

### Features:

- 1.HM160-A-2 payment system only credit cards ( smaller size ).
- 2.HM160-A-3 payment system: credit card, cash, coin ( bigger size ).
- 3.Freezer keep temperature in  $-18^{\circ}\text{C}$ .
- 4.Freezer can store gelato.
- 5Automatic lifting trolley to ensure safety of cup without dropping.
- 6.Touch screen for operation and advertising.
- 7.Remote control+Background management ( Inventory system and online quantity control to monitor sales and inventory ).

HM160-A-2 HM160-A-3

## Protein Shake Vending Machine

### Features:

1. HM160-C payment systems option : ( credit card, cash, coin ).
2. Protein powder : 7 flavors, each capacity of 4L ( 4L\*7 ).
3. Automatic Cup dispenser, 8oz paper cups ( keep 100 pcs cup ).
4. Water supply : 8 gallon water inventory.
5. Each type of drink to have specific quantity of water and powder ( recipe ).
6. Remote control + Background management ( Inventory system and online quantity control to monitor sales and inventory ).

HM160-C

If you already have an automatic vending freezer, you can add the HM160-D and sell smoothies as well.

## Semi Automatic Smoothie Vending Machine

### Features:

- 1.Wheel-mounted floor style.
- 2.No payment system, just use to blend the frozen fruit into smoothie.
- 3.QR code reader to recognize the product and open the door.
- 4Automatic blending and fill in with water during blending.
- 5.Two water tanks inside the machine( 60L, 30L, water tank ) one is for pure water and one is for waste water.
- 6Automatic cleaning for blender after each order, and stand by for next blending.
- 7.Software of remind, low stock alert and stop to sell out.

HM160-D

# Tabletop Smoothie Vending Machine

HM 160-E

## Features:

- 1.HM160-E without payment system.
- 2.Set up water, mixing and speed ect in the website, then automatically generate QR code / barcode.
- 3.QR code / barcode paste or print on the cup.
- 3.QR code reader to recognize the product and open the door.
- 4Automatic fill in water and blending.
- 5.Choose water tank or city water for clean water, waste water tank (sewer).
- 6Automatic filling water into cup during blending.
- 7Automatic cleaning after each cup, more hygiene.
- 8.UV light sterilization function.
- 9.Remote function for checking sales report and machine malfunction alert, change picture, upgrade data.

## Option:

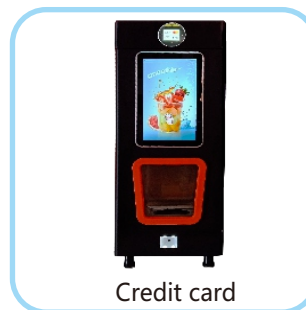

- 1.Color : Machine ( black,white ), Door ( green, blue, orange, red, rose red ).
- 2.Customized : stickers,lightboxes, promotional paper, etc.
- 3.Payment system : credit card.
- 4.Hot water 95°C to 100°C ( for cleaning the machine and making hot products ).
- 5.Multiple matching freezer : 54 cups ( SD98 / SD98-1 ), 100 cups (SD238), etc---page 6.
- 6.Multiple matching machine : milk machine, protein powder machine, ice maker, etc---page 5.

## Milk & Juice Dispenser:

HM 160E-T

### Features:

1. 2 liquids : milk or juice , each capacity of 10L, total is 20L.
2. The milk dispenser keep temperature range of 2°C to 10°C.
3. Dispenser milk or juice into the cup according to the QR code.
4. After each order is completed, it is automatically cleaned with hot water

## Protein Dispenser:

HM 160E-P

### Features:

1. Set up water, mixing, speed and the capacity each protein flavour ect in the website, then automatically generate QR code / barcode.
2. Use the QR code same as smoothie blender QR code or barcode.
3. 6 kinds of protein to choose it, each protein powder keep 0.75L.
4. Keep dry environment ensures that the amount of protein powder dispensed is the same each time.

## Ice Dispenser:

HM 160E-ICE

### Features:

1. Just scan the QR code or barcode and pull confirmation buttonto ensure the cup has been put the ice cubes will drop down.
2. Solid ice cubes of uniform size.
3. Low noise, fast ice making.

## Assemble Products:

## Hard Ice Cream Machine

HM28S

### Features:

1. Table top model or wheel-mounted floor styles available.
2. Streamline luxurious outward appearance and easy operation.
3. Durable stainless steel outer panel.
4. Mixing time adjustable.
5. Digital display (provides a visual observation of production process to user).
6. Elaborate stirrer shaft with high precision to be completely in touch with the inner wall of cylinder which helps with better mixing and ideal output.

## Ice Cream Blender

HM 23

### HM23 Milkshake Blender/Razzle Blender/Blizzard

1. Ideal for preparing the desired mix-ins from various ingredients.
  - Simple to use. • Easy to clean. • Safe for user.
2. Permanent agitator blend the ingredients such as hard candies, cookies into frozen yogurt or ice cream with permanent agitator to make the desired mix-ins.
3. Base on personal preference to choose different ingredients, to make special & unique flavor ice cream.

#### Operation:

Prepare ice cream and ingredients in cup, attach the lid to the cup, blend in this machine and serve.

### HM24 Milkshake Machine

HM 24

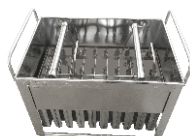

1. The HOMMY Milkshake machine is the industry's leading frozen treat mixer .
2. Permanent agitator can blend candies, cookies and other hard-to-mix ingredients into ice cream or frozen yogurt to make high profit frozen treat.
3. Powerful and durable motor ensure thoroughly blending .
4. Special designed detachable spoon works as blender blade, to serve the products more sanitary and convenient. No need to clean the blade if serving different flavors continuously.
5. Easy operation: prepare ice cream and ingredients in cup, attach the lid to the cup, blend in this machine and serve.
6. Simple to use, easy to clean and safe for user, ideal for ice cream shops, smoothie shops and restaurants.

## Popsicle Machine

HM-PM-6

### Features:

1. Made in acid-resist pure stainless steel and copper tube. High-effective compressor and motor.
2. Easy operation, less maintenance, luxury appearance.
3. Several types of popsicle moulds for selection.
4. Low Capital investments with max production and incredible profit potential.

HM-PM-1

HM-PM-4

HM-PM-12

HM-PM-24

## Ice Block Making Machine

### Features:

1. Material tank made in stainless steel that can resist hydrochloric and erode.
2. Airproof cover keep the Material use for long time.
3. Capacities offer : 1ton / 24h, 2tons / 24h, 3tons / 24h, 4tons / 24h, 5tons / 24h.
4. Ice mould size : 5kg, 10kg, 25kg, etc.
5. Work in air cooling system or water cooling system. For water cooling system, need to install pump and cooling tower together.
6. Wheel mounted floor, convenient for movement.
